ISEPC Cir No 106/2021-22

4th September, 2021

To:

All Members of the Council

Subject : Minutes of the 23rd TAMC Meeting held on 30th August, 2021 to discuss the issues relating to ATUFS and Previous Versions of TUFS

Dear Member,

The Council has received the Minutes of the 23rd Technical Advisory–Cum–Monitoring Committee (TAMC) Meeting held on 30th August, 2021 to discuss the issues relating to Amended Technology Upgradation Funds Scheme (ATUFS) and Previous Versions of TUFS from the Office of the Textile Commissioner, Ministry of Textiles, Mumbai and the same are attached here with for your information.

Members may kindly make a note of the above.

Thanks n regards,

Sanjeev Kr Sharma

Sr Director – ISEPC

New Delhi, India;

F No 12(7) /23rd TAMC/A-TUFS/2021/TUFS

Date: 31.08.2021

Subject:- Minutes of the 23rd meeting of Technical Advisory-Cum-Monitoring Committee (TAMC) for discussing issues of ATUFS and Previous Versions of TUFS at 11:00 AM on 30th August 2021 through Video Conferencing

Sir /Ma'am,

The undersigned is directed to enclose herewith Minutes of the 23rd meeting of Technical Advisory-Cum-Monitoring Committee (TAMC) for discussing issues of ATUFS and Previous Versions of TUFS at 11:00 AM on 30th August 2021 through Video Conferencing under the chairmanship of the Textile Commissioner for kind perusal and necessary action.

Yours Faithfully

31/8/2021

(Usha Pralhad Pol)
Deputy Director General

**Minutes of the 23rd meeting of Technical Advisory-Cum-Monitoring Committee (TAMC)
for discussing issues of ATUFS and Previous Versions of TUFs at 11:00 AM on
30th August 2021 through Video Conferencing**

23rd meeting of the Technical Advisory-cum-Monitoring Committee (TAMC) for discussing issues on Amended Technology Upgradation Funds Scheme (ATUFS) and Previous Versions of TUFs was held at 11 AM on 30 August 2021, through Video Conferencing mode under the chairpersonship of Ms. Roop Rashi, Textile Commissioner. The list of participants is enclosed at Annexure-I.

At the outset, the Chairperson extended a warm welcome to all the participants and requested Ms. Usha Pralhad Pol, Deputy Director General to take up item-wise agenda for discussion before the Committee. The agenda-wise decisions of TAMC are as follows:

Agenda No.1: Confirmation of the minutes of the 22nd TAMC meeting held on 05.07.2021

Minutes of the 22nd meeting of TAMC held on 05.07.2021 were circulated to all members. As no comment/suggestion is received from the members of TAMC, the minutes are treated as confirmed.

Agenda No. 2: Review of Progress of TUFs

a. Fund allocation and Expenditure under TUFs in 2021-22 (as on 20.08.2021):

₹ in Crore				
#	Scheme	Allocation	Claims approved including BG cases	Fund Released
1.	MTUFS	700 (BE)	00	00
2.	RTUFS		00	00
3.	RRTUFS		15.85	15.85
4.	ATUFS		93.94	94.70
5.	MMS		8.31	7.46
TOTAL			118.10	118.01

b. ATUFS (position as on 20.08.2021): The total subsidy cap available ₹ 5151 Crore

UIDs are being auto generated w.e.f. 9th August 2019. As on 20.08.2021, total 12036 UIDs with provisional subsidy ₹ 3677.11 Cr. have been generated.

The progress is placed before the Committee for information. As requested by the members of TAMC, the data related to investment/ project cost under ATUFS may also be placed before the Committee for information.

Agenda No. 3: Inclusion of lending agencies under ATUFS

Request of Shri Gajanan Nagari Sahkari Bank Ltd Sagar Height's opp. Bus Stand Beed-431222 (Maharashtra) as per para 2.5 of Revised Resolution of ATUFS for inclusion as lending agency

under ATUFS is approved by the Competent Authority and placed for ratification of TAMC.

Decision of TAMC: The Committee ratified inclusion of Shri Gajanan Nagari Sahkari Bank Ltd as lending agency under ATUFS.

Agenda No. 4: Inclusion of Semi-Circular S4A/N4A-type looms having weft insertion rate 400 meter per minute under ATUFS (MC 07)

On receipt of request from the Indian Jute Mills Association for inclusion of Semi Circular / Half Circular Looms under ATUFS for inclusion of Semi-Circular S4A/N4A-type looms having weft insertion rate 400 meter per under ATUFS (MC 07), the matter on recommendation of ITC as given below was placed in the 20th TAMC:

The PLC based Circular looms with Minimum 6 shuttles, Minimum tubular lay flat width of 90 cms and WIR of 600 mpm or more is appearing at MC-I A-5 of ATUFS booklet. The Indian Jute Mills Association have now requested for the inclusion of the newly developed S4A/N4A rapier sacking looms are semicircular / half circular looms instead of the circular looms, which have been approved.

The Indian Jute Association has also enclosed the features of these semi-circular looms, which are reproduced below:

- a) The semi-circular rapier sacking looms are capable of running 260-280 picks p.m. which represents a production gain of more than 80% over the conventional flat bed loom running at 160 picks p.m.
- b) The fully automatic nature of the semi-circular rapier sacking looms are entirely suitable for multi-loom weaving and allows one weaver to operate 4 to 6 looms.
- c) Weft supply from large beam and weft insertion by twin rigid rapiers fed from large diameter tag-ended cones with minimum down time.
- d) Overall simplicity in setting and less moving parts ensure minimum wear and tear, thereby minimal maintenance and downtime.

Decision Taken by ITC: The Committee observed that since the matter pertains to inclusion of semi – circular sacking looms for Jute Industry, the recommendation of the Jute Commissioner may be taken for including the newly developed S4A/N4A rapier sacking loom under ATUFS and based on feedback/recommendation of the Jute Commissioner. Matter may be placed before TAMC for decision.

Decision of 20th TAMC: The Committee deliberated and decided to seek the recommendation of the Jute Commissioner for including the newly developed S4A/N4A rapier sacking loom under ATUFS.

Now vide letter no. T-6/1/134/08-XIII dated 30th April 2021, *the Jute Commissioner has recommended* for inclusion of Semi-Circular S4A/N4A-type looms having weft insertion rate 400 meter per minute under ATUFS (MC 07). The date of applicability of the machine shall be the invoice which has date from 1st April 2021 onwards.

Decision of TAMC: The Committee ratified inclusion of the Semi-Circular S4A/N4A-type looms having weft insertion rate 400 meter per minute under ATUFS (MC 07). The date of

30/4/2021

applicability of the machine shall be the invoice which has date from 1st April 2021 onwards.

Agenda No. 5: Condoning delay of timeline for UID and JIT

a. For submission of UID

Banks could not forward UID applications in prescribed time (i.e. in two months from date of receipt from unit after 22.12.2020 i.e., after 19th TAMC) in iTUFS : 41 units (list of units enclosed as Annexure- II)

b. For re-submission of JIT request as per the details in table below.

S.No	Description	No.of cases	Annexure
1	Cases in which JIT request could not be re-submitted within 20 days on or after 30.12.2019 i.e., the date of issue of public notice notifying timeline for resubmission of JIT request on receipt from ROICs	62	Annexure- III
2	Cases in which JIT request could not be re-submitted within 20 days prior to issue of public notice dated 30.12.2019 notifying timeline for resubmission of JIT request on receipt from ROICs	347	Annexure- IV

Decision of TAMC: The Committee deliberated and recommended for condoning the delay of the cases listed at Annexure II to IV mentioned above for placing it in the forthcoming IMSC for ratification.

Decisions of ITC for ratification by TAMC

Agenda Point No.6: Powerloom Development Cell have vide note dt. 18/12/2020 submitted that details of price variation in basic price of imported looms in respect of 4 units (copy attached as Annexure-III) for taking necessary decision regarding genuineness of the individual machine cost of claimed machinery as directed by the competent authority.

The said matter was earlier discussed in the 7th ITC meeting held on 7/7/2020 wherein it was decided to keep the matter on hold for further clarification regarding variation of 50% in invoice value of the machine and having similar types of specifications.

Decision Taken in the 15th ITC meeting held on 5/1/2020: Matter was further placed before the 15th ITC for decision with some more details. The Committee felt that the available data is not sufficient to take a view in the matter. As such, it was decided to take data of variation in basic price of similar machinery having same specification in respect from applications for subsidy received from both Powerloom Development Cell and TUFS Cell and same may be placed during the next meeting of the ITC to decide the issue.

Both PDC and TUFS Cell have now vide Note dt. 11/06/2021 has submitted the data as required

34/12/20

by ITC. Accordingly the same is placed before the committee for taking a decision in the matter, which is attached as **Annexure-IV** for reference.

Decision Taken in 21st ITC: On the basis of the details submitted before the Committee as per Annexure-IV, the Committee observed that JIT, RO, Ahmedabad have recommended to restrict the price for subsidy purpose upto USD 9000 per rapier loom, which also has been accepted by the unit viz. M/s Shree Shiv Shakti Textiles, Surat (case listed at Sr. no. 4 of Annexure-IV) in writing for which the invoice value was USD 21000. Based on said opinion and acceptance of unit, the Committee felt that the cost of per loom should be taken as USD 9000 in case of M/s Shree Shiv Shakti Textiles, Surat. In case of remaining three cases listed at Sr. no. 1, 2 and 5 of the Annexure-IV, the section should calculate the cost of each rapier looms for increase/decrease of 10 cm width of loom from basic fixed value of USD 9000 subject to meeting the other eligibility criteria as per guidelines in-force for RRTUFS.

In case of M/s R. Fab, Surat, (case listed at Sr. no. 3 of Annexure-IV) since it is waterjet loom, the committee based on price range observed in ATUFS and MMS cases, has recommended that cost of waterjet loom under reference may be taken as USD 16,000 for purpose of payment of subsidy.

Matter submitted for information to TAMC.

Decision of TAMC: The matter was deliberated and decided that Internal Technical Committee (ITC) will work along with the industry associations and invitees and provide a segment-wise machine-wise benchmark price range for machinery covered under ATUFS to enable processing of cases. The report on benchmark price range may be placed before the upcoming TAMC for discussion and decision.

As such it was suggested by industry members that over invoicing by some vitiate the whole process. Mechanism for blacklisting of such cases may be developed. Manufacturer/supplier/ units who has submitted the above over invoice may be considered to be declared as defaulter for claims submitted in the next two years from the Government of India schemes.

Agenda Point No. 7 : M/s. Karl Mayer Stoll Textilmaschinefabrik GmbH, Germany have informed this office that as part of the merger of the STOLL brand with the Karl Mayer Group of Companies w.e.f. 1st July 2020, the machines which were in stock with H.Stoll AG & Co KG, with the name plate of Stoll Knitting Machine (Shanghai) Co Ltd were taken over by them. They have further informed that the machines supplied to their customer M/s. Turbo Tools Private Ltd., Ludhiana were from the above stock of machines.

M/s. Karl Mayer Stoll Textilmaschinefabrik GmbH, Germany has requested to recognize the above sales / supply to M/s. Turbo Tools Private Ltd., Ludhiana under ATUFS.

Decision Taken in 21st ITC: After due deliberations in the matter, the Committee decided that such matter can be decided on case to case basis on the basis of position reported by the JIT under ATUFS. The JIT may consider machine plates of M/s. Stoll Knitting Machine (Shanghai) Co Ltd, China raised by M/s. Karl Mayer Stoll Textilmaschinefabrik GmbH, Germany, instead of

6

rejecting outright and send the same to ATUFS Cell for final opinion. ATUFS cell, if desire, may submit details of JIT before the ITC in future for clarification, if any.
Matter submitted for information to TAMC.

Decision of TAMC: Decision of ITC accepted by the Committee.

Agenda No. 8: Addition of "FILAMENT YARN SIZING MACHINE" in Technical Textiles eligible machine list of Amended TUF scheme (ATUFS).

M/s. Haren Textiles Pvt. Ltd., Mumbai has requested to include "FILAMENT YARN SIZING MACHINE" in Technical Textiles eligible machine list Of Amended TUF scheme (ATUFS).

As per their detailed letter reg. above subject they are targeting to manufacture following high end technical textiles fabrics:-

- 1) Light weight Parachute Fabrics
- 2) Coated Fabrics for Ponchos
- 3) Bullet Proof Fabrics made from Codura yarns
- 4) Rucksack fabrics
- 5) NBC Suit Fabrics
- 6) Tent Fabrics
- 7) Ultra-light weight extremely cold weather fabrics

Thus, Unit has decided to procure High End Filament Sizing Machine from very renowned textile machines supplier "TSUDAKOMA Corp, Japan". This machine is 3 tire machines which include:-

- 1) Creel + Warper
- 2) Sizing + Supply Stand
- 3) Beamer

Process flow will be as follows:-

1. The yarn shall go on to the creel and a Jumbo Beam will be made.
2. The Jumbo Beam will be sized and smaller beamer beams will be made.
3. A collection of beamer beams will be put together on the beamer machine to make one Weavers beam which will go onto the loom.

Thus, this machine is single machine and collectively performing various activities and it called "FILAMENT YARN SIZING MACHINE".

This machine is only for high end fabrics and that's why and it is unique in India and that's the reason it is being not listed in ATUFs eligible machine list.

The matter was placed in the 20th ITC held on 14/6/2021 and the decision taken is reproduced below:

Decision Taken in the 20th ITC Meeting: After due deliberation the Committee decided that a Declaration can be taken from the Unit stating that the "FILAMENT YARN SIZING MACHINE" will be used for manufacture of only Technical Textiles and not for any other Textile Items. Details of the specifications where it differs from other FILAMENT YARN SIZING MACHINE may also be called for from the unit.

Now M/s. Haren Textiles Pvt. Ltd has submitted a clarification as per decision of 20th ITC that the machine which they are procuring from M/s. Tsudakoma Japan is only for high tenacity yarn

used for high end fabric like Defense fabric, parachute etc. and the machine has high precision controls and vector motors which enables them to use the following yarns:-

1. 20d Nylon 6 and nylon 66 for outwear down jackets and sleeping bags for extreme cold climate.
2. 30d nylon 66 for parachute fabrics.
3. 40d nylon 66 also for high altitude sleeping bags.

M/s. Haren Textiles Pvt. Ltd. also clarified that the machine procured from Tsuda:koma Japan permits usages of yarns as low as 7d as well.

Furthermore M/s. Haren Textiles Pvt. Ltd. submitted an undertaking that "Filament Yarn Sizing Machine" will be used for manufacture of only Technical Textiles and not for any other Textiles Items.

Decision Taken 21st ITC : After due deliberations, the Committee decided that "**FILAMENT YARN SIZING MACHINE**" can be included as eligible machine under MC-3 of ATUFS, since it is used for manufacture of only Technical Textiles items and not for any other Textile Items since as declared and undertaking submitted by M/s. Haren Textiles Pvt. Ltd. that filament yarns from 7 denier to 40 denier of Nylon6 and Nylon 66 will only be processed on these machines, which are high tenacity industrial yarns and can be used for high end use of for manufacturing the fabrics which is to be used for various technical textiles applications/ products. The description of machine may be kept as, PLC controlled Filament yarns of 7 D to 40 D of Nylon 6 and Nylon 66 sizing machine having minimum 5 cylinders and machine speed of 500 mts/min.

Decision of TAMC: Committee ratified the recommendations of ITC for enlistment of new machinery with specification of yarn as decided by ITC. However, if any addition in type of fibre /yarn apart from Nylon etc. may be provided by Indian Technical Textile Association (ITTA) for inclusion in the same machine for consideration.

Agenda Point No.9: Agenda Point forwarded by ATUFS Cell vide email dt. 16/7/2021.

1. The R.O.Tx.C, Ahmadabad have vide letter 8/3/2021 forwarded the case of M/s. Amit Fabrics whose UID had been cancelled by this office based on the JIT report stating as under:-

- a) The machine serial number on invoice found written with PEN without any endorsement – seal / signature of machine manufacturer
- b) The machine serial number on invoice written by pen 87 and 131 but on machine name plate found 1089 and 1039
- c) Machines does not have found cradle and drop wire system as required for TFOT under AUFS guidelines.

Aggrieved by this, the unit has submitted their representation vide letter dt. 7/12/2018 & 21/2/2020 also registered a grievance in the PMOPG on 29/5/2019. In reply ATUFS Cell had vide letter dt. 4/11/2020 directed the Regional Office, Ahmadabad to examine the matter at R.O. Level and decision for re-inspection may be taken, if required, based on the merit of evidence produced by the unit.

Accordingly a team of officers of R.O. Ahmadabad have carried out the physical inspection of the machinery installed in the unit on 11/2/2021 and as per the teams' observation, the technical

34/12/21

8

specifications of the machines are in accordance with the TUF Scheme and since the case was rejected by the competent authority, due to overwriting by hand in the original invoice, the R.O. Ahmadabad have requested that this case may be placed before the ITC bearing in mind the following facts.

- I. The relaxation related to mentioning of machine serial number in the Commercial Invoice given vide Order dated 01.11.2019, which is applicable from date of notification of ATUFS guidelines i.e. 29.02.2016. In this case, the serial number stated to be mentioned by way of hand written entry is the subsidy serial number allotted to the manufacturing unit while benchmarking them under TUFS. Clarification in this regard from the machine manufacturer is available on record. Thus, in view of the relaxation, whether the stipulation regarding mentioning of serial number in invoice is mandatory for the machines purchased on 15.08.2017/07.10.2017 i.e. after 29.02.2016 and prior to the IMSC decision related to mentioning of machine serial number in invoice during its 3rd meeting held on 27.02.2019.
- II. As far as the speed/RPM, the observation of the team to the effect that "generally speed of machine (spindle) is related to TPM, yarn production/delivery speed and running quality demand. On the day of visit machine found working at 5500 RPM and 6400 RPM (suitable to running quality). However, as per technical literature the machine (spindle) is capable to run up to 11000 RPM and as per annexure MC-01-B-5, TFO operating at speed 8000 RPM is eligible under ATUFS" is pertinent

Decision Taken 22nd ITC: After due deliberation the Committee decided that the merit of the case may be decided as per machinery specifications mentioned in the eligible list of machinery in Government Resolution on ATUFS, and observation reported by JIT for the machines after physical inspection of the units claim. The committee also opined that such matters need not be forwarded to ITC by ATUFS / Regional Offices where there is clarity on the machine specification and / or policy decision (Other than technical matter) are required to be taken.

Submitted to TAMC for information only.

Decision of TAMC: The decision of ITC accepted by Committee.

2. The ATUFS Cell have vide email dt. 20/7/2021 requested to place this matter in forthcoming ITC where a manufacturer has two authorized agents (both enlisted) however machine supplied by one and shipped by another. The detail areas as below:-

1-Invoice issued by -M/s Zee Yeng Company Ltd.

2-MoU b/w Manufacturer and supplier - M/s Zee Yeng Company Ltd is authorized agent of M/s Jiangsu Runshan Precision Machinery and Technology Co. Ltd China.

3- Exporter name as per COO- M/s Suzhou Flamimng Company Ltd. China authorized agents of M/s Jiangsu Runshan Precision Machinery and Technology Co. Ltd China

4- Name mentioned on machine- M/s Runshan Knitting Machine

As per 3.2. of GR dated 29.02.2016 "Machinery purchased directly from the machine manufacturers or their authorized agents will be considered for benefits under the scheme", and Para 3.3 of RR dated 02.08.2018 "Machinery purchased directly from the machine manufacturers or their authorized agents/suppliers will be eligible for capital subsidy under the

9

scheme" while para 10.2.2. of RR dated 02.08.2018 "Only new machinery shall be installed Second had machinery will not be permitted under the scheme. Machine shall be purchased directly from the Original Equipment Manufacturer (OEM) or this authorized agent / Supplier. In the latter case, a document showing that the Agent / Supplier is authorized by the manufacturer shall be required with the invoice". However the as per the document it is not justified that machine has been purchased as per para mentioned above in GR and RR.

Hence, the matter is placed for decision of acceptability of COO if different name is depicted other than supplier in issued invoice.

Decision Taken in 22nd ITC: The Committee noted that this is not a technical issue. The Committee also noted that any name depicted in country of origin certificate, other than the manufacturer or authorized agent (who raised the invoice) should not be accepted. Still if the OEM confirm and submit reasonable justification for such arrangement, then ATUFS may decide issue based on genuineness of the certificate obtained by ATUFS Cell from OEM. Submitted to TAMC for information only.

Decision of TAMC: as this is part of Agenda 26 (C) same has been deliberated subsequently.

3. The ATUFS Cell has vide Note dt. 28/6/2021 forwarded copies of invoices issued by M/s. Qindao Wanchun Machinery Co. Ltd., China (Water Jet Looms) and M/s. Prashant Gamatex Pvt. Ltd., Ahmedabad (High Speed Sectional Warping Machine) and requested ITC to take a suitable decision for the over invoicing done by the two machine manufacturers.

Decision Taken in 22nd ITC: The Committee after going through the invoices issued by both M/s. Qindao Wanchun Machinery Co. Ltd., China and M/s. Prashant Gamatex Pvt. Ltd., Ahmedabad found that no over invoicing has been made by either the Water Jet Loom manufacturer or the sectional warping machine manufacturer.

Submitted to TAMC for information only.

Decision of TAMC: The decision of ITC accepted by Committee.

Agenda Point No. 10 : M/s. Premier Colorscan Instruments Private Ltd., Navi Mumbai have applied for enlistment as machinery manufacturer under ATUFS. They are manufacturing Computer Colour Matching Machine. However, instead of submitting a valid ISO 9001:2015 certificate as per the requirement under ATUFS, they have submitted IEC 17025:2017 and that to in the name of M/s. PCI Calibration and Testing Centre. This international ISO 17025 standards is applicable to all or any laboratory regardless of size or the extent of the scope of testing and calibration practices. It's employed by laboratories to develop their management system for quality, body and technical operations.

On inquiry, the unit has informed that M/s. Premier Colorscan Instruments Private Ltd., Navi Mumbai is a body incorporated under the Registrar of Company Mumbai and M/s. PCI Calibration and Testing Centre comes under M/s. Premier Colorscan Instruments Private Ltd. A declaration to this effect signed by the Board of Director of M/s. Premier Colorscan Instruments

10

Private Ltd has been submitted to the ISO Accreditation body. They have further informed that they have adopted option 'A' of clause No. 8.1.2 as per requirement of standard of IS/ISO/IEC 17025:2017, for management systems requirement and they have properly addressed to all the clauses pertaining to management system of documents, control of management system documents, control of records, action to address risk and opportunities, improvements, corrective actions, internal audits and management review as required in ISO 9001.

Decision Taken in 23rd ITC: The committee noted that the difference between ISO 17025:2017 and ISO 9001:2015 are due to the applicability of the standards. ISO 9001:2015 being applicable to all types of companies in all industries, whereas ISO 17025:2017 is more specific and detailed for testing and calibration laboratories. However, similarities are found in clause 8 of ISO 17025:2017 regarding management system requirements. The ISO 17025:2017 standard explains that an overall management system is necessary to ensure consistent functioning of a laboratory, and gives laboratories the option of addressing those requirements within an existing ISO 9001 management system or another quality standard. However, if a unit has not implemented ISO 9001, then there is a set of minimum QMS requirements that are needed for the ISO 17025:2017 standard. These minimum management requirements are very similar to those found in ISO 9001:2015, and include:

1. Management system documentation
2. Control of management system documents
3. Control of records
4. Actions to address risks and opportunities
5. Improvement
6. Corrective actions
7. Internal audits
8. Management reviews

In view of the above, ISO 17025:2017 certification may be accepted in lieu of ISO 9001:2015 certificate for testing equipment manufacturers only, subject to the approval of TAMC.

Decision of TAMC: Committee approved recommendation of ITC to accept ISO 17025:2017 certification in lieu of ISO 9001:2015 certificate for testing equipment manufacturers.

Agenda No.11: Enlistment of machinery manufacturer and Authorized agents

Enlistment of 45 machinery manufacturers & authorized agents as per recommended by the Internal Technical Committee in its 21st, 22nd and 23rd Meeting placed before the Committee for ratification. Details at Annexure V.

Decision of TAMC: Committee ratified the recommendations of ITC for enlistment of 45 new machinery manufacturers and authorized agents.

Decisions taken in meeting with Bankers held on 25th August, 2021 for

discussing issues related to ATUFS and Previous Versions of TUFs through VC

Agenda No. 12 -Term loan sanction to Borrower and Co Borrower under ATUFS

In few cases Term Loan (TL) under ATUFS is sanctioned jointly to Borrower and Co-borrower especially when the financial condition of applicant does not meet eligibility criteria. However, the Co-borrower is financially sound and their financial track records are also found good for enabling the applicant to become eligible for the term loan. Accordingly, in term loan sanction letter both Borrower and Co-borrower names are indicated.

Now, lending agency has submitted letter informing cancellation of condition of Co-borrower in term loan sanction letter and taking him/her as a guarantor which has been considered in meeting of Board of Directors of concerned lending agency.

Decision taken in Banker's meeting: GR under ATUFS is silent on the admissibility of term loan sanctioned jointly to borrower and co-borrower.

Only few banks sanction Corporate loans jointly to borrower and co-borrower. Hence it was opined that such banks may be allowed to convert the co-borrower to Guarantor provided that there is no implication on machine hypothecation and eligibility of claim as per ATUFS guidelines.

Decision of TAMC: TAMC deliberated and approved to consider term loan sanction jointly to Borrower and Co Borrower under ATUFS subject to necessary certification from bank signed with name and seal not below the rank of Head of branch/Head of TUFs cell of bank indicating the followings:

- i. The co-borrower is actually a Guarantor ,
- ii. There is no implication on machine hypothecation and eligibility of claim is as per ATUFS guidelines.

Agenda No 13 - Eligibility of Revised / amended Term Loan sanction in case project change before disbursement of loan amount under ATUFS

As per para 4.6.1 of GR under ATUFS, *the date of sanction of term loan shall be the date of the letter of the lending agency vide which the sanction of term loan is communicated to the entrepreneur.*

Case-1: Sanction of term loan has been communicated to the unit vide letter dated (say) 01.12.2015 and same has been entered in UID application. Subsequently, some amendment like change in Fixed Deposit and margin money in the form of advance payment or revision of tenor or change in machinery is done and this amendment is communicated to the Unit on 31.01.2016 (say). Finally, TL sanction communicated with one or more of abovementioned amendments on 01.06.2016 (say). Lending agency has then requested to consider the term loan sanction date 01.06.2016 as per the para 4.6.1 of GR under ATUFS.

36/11/16

27

Decision taken in Banker's meeting: It was deliberated that sometimes prior to disbursement of term loan certain initial terms and conditions are not acceptable to the borrower which leads to multiple amendments in the term loan. Hence, final amended Term loan sanction letter issued and communicated to the entity by the lending agency not below the rank of Head of branch communicating the sanction of Term loan/Head of TUFs cell may be accepted. Accordingly the date of amended term loan sanction letter will be the relevant date of sanction of term loan.

Decision of TAMC: TAMC deliberated and approved that final amended Term loan sanction letter issued and communicated to the entity by the lending agency not below the rank of Head of branch communicating the sanction of Term loan/Head of TUFs cell may be accepted. Accordingly, the date of amended term loan sanction letter will be the relevant final date of sanction of term loan.

Case-2: In case of consortium finance, as per para 4.6.2(ii) of GR under ATUFs, *the date of sanction of term loan shall be the date of letter of the last lending agency in the consortium, vide which the sanction of term loan is communicated to the entity.* In few cases, it has been observed that the term loan sanction date mentioned in UID pertains to the date of amended TL sanction letter issued by one of the member banks of the consortium which is after loan sanction date of the last lending agency.

Decision taken in Banker's meeting: It was deliberated and recommended that amendment made by any consortium member bank and concurred by the Lead bank in the meeting held with all consortium members may be accepted.

Decision of TAMC: the Committee deliberated and approved that amendment made by any consortium member bank and concurred by the Lead bank in the meeting held with all consortium members may be accepted.

Agenda No. 14: Approval of in-principle sanction of term loan under ATUFs

ATUFs scheme is primarily based on tech-upgradation on successful procurement of machines backed by *sanctioned* of term loan as per the provisions in GR under ATUFs. The Para 4.6.1 and 6.3.2 of ATUFs Guidelines clearly specifies that date of sanction of term loan shall be the date of the letter of lending agency vide which the sanction of term loan is communicated to the entrepreneur.

2. The agenda with regard to the clarification on In-Principle approval of Term Loan as loan sanctioned under ATUFs with the date mentioned therein would be the date of communication of sanction of Term Loan was placed before the 9th TAMC meeting held on 20.12.2017. After deliberations, the TAMC decided *that the date of sanction of term loan would be the date of actual sanction of term loan and not the date when in principal approval was given by the bank.* The matter was again placed before 17th TAMC meeting on 29.07.2020 and it was agreed that decision of 9th TAMC shall continue.

3. However, in view of the representation of industry it was decided in the 18th TAMC that before considering the agenda in the next TAMC, insights/ opinions /comments from banks may

be sought. Accordingly, summary of comments received from TAMC member banks are given below:

#	Bank	Bank's views/comments
1	Union Bank of India	In-principle sanction is only for deliberation regarding whether to evince interest in the proposal for credit facilities and rate of interest and is not a regular sanction, which may not undergo changes in full-fledged appraisal. According to the bank In-principle sanction letter should not be construed as regular and final sanction, therefore, the date of In-principle loan sanction letter shall not be considered as date of sanction of term loan for determining the eligibility under ATUFS.
2	Canara Bank	In principal Sanction is primarily an "Expression of Interest" (EoI) to look into the proposal for the sanction subject to various terms and conditions involved in the appraisal and processing of proposal. There is no binding from the bank to finance the proposal until regular proposal is sanctioned as per "EoI" sanctioned letter. EOI is permitted for large borrower or corporate level proposal only.
3	Bank of Baroda	The In-principle loan sanction letter may not be considered the date of sanction of term loan for determining the eligibility under ATUFS
4	Bank of India	According to them plant and machinery purchased upto 6 months prior to the date of sanction may be considered.
5	Punjab National Bank	In-principle consent letter date may be considered as the date of sanction of term loan for determining the eligibility under ATUFS if the consent letter is issued by the competent authority having the vested loaning power followed by the regular sanction letter and funds are released after the regular sanction.
6	SIDBI	SIDBI has no practice as of now for issuing In-principle sanction and only final sanction is issued after sanction by Competent Authority. However, in view of special circumstances arising due to COVID pandemic, the matter may be relevant for borrowers whose banks have a practice of issuing an In-principle sanction letter. In such cases, if borrower acquires an eligible asset after in-principle sanction letter and before final sanction, the same may not be eligible for subsidy as per current guidelines.
7	Indian Overseas Bank	The Bank is of the opinion and suggest to consider date of original loan sanction letter (Actual sanction letter) to deal with for processing.
8	State Bank of India	In-principle letter issued to prospective borrower is subject to final sanction after a detailed assessment of economic viability and technical feasibility of loan. In addition, the entity needs to comply with the various terms and conditions of the Bank. Hence, In-principle sanction may not necessarily result in final sanction of the loan, in all cases.
9	IDBI Bank	In-principle sanction letter, if any issued mentions that this sanction should not be construed as final sanction and the sanction is not binding on the Bank. However, keeping in view the industry requirement, date of In-principle sanction letter if issued by any lending agencies/Banks under ATUFS may be considered for determining eligibility under ATUFS.

Decision taken in Banker's meeting: All the banks reiterated their views summarized in para 3 above. In addition, other banks also concurred that the date of sanction of term loan should be the date of actual sanction of term loan and not the date when in-principle approval was given by the bank as it is not a regular practice in most of the banks.

However, it was discussed that SIDBI issues a 'Letter of Intent' in place of final Term loan sanction letter wherein it is mentioned that "SIDBI is agreeable in principle to sanction to borrower" as a general terminology, which is being accepted under ATUFS.

Decision of TAMC: Committee deliberated and approved that date of sanction of term loan should be considered for processing of cases. As such in-principle approval communicated by the bank is not a regular practice in most of the banks.

However, SIDBI issues a 'Letter of Intent' in place of final Term loan sanction letter wherein it is mentioned that "SIDBI is agreeable in principle to sanction to borrower" as a general terminology, which is being accepted under ATUFS. Hence, cases in which SIDBI is the loan sanctioning authority issued sanction of term loan that "SIDBI is agreeable in principle to sanction to borrower" may be accepted for the cases which were not considered due to different interpretations in the past.

Agenda No. 15: -Reduction in compliance burden : Financial Issues faced in scrutiny of cases under ATUFS

For processing ATUFS subsidy claims as per GR, documents of claimed machine showing bank account statements, LC/ SWIFT /TT/ CAD/ RTGS/NEFT/ Cheque/DD/PO details, debit advice in evidence of margin and loan amount, loan repayment period, loan disbursement details, payment receipt, date of term loan sanction etc. are required for calculating eligible subsidy.

In order to reduce compliance burden in processing of claims and avoiding delays due to submission of incomplete /deficient documents by the concerned Lending agency, it is proposed that in place of documents mentioned above, concerned lending agency may submit **Payment Certificate** in standard formats signed by signatory Not below the rank of Head of branch communicating the sanction of Term loan and seal given below.

Payment Certificate

Name of lending agency/Bank: ,

Address of the lending agency/Bank:

Sl. No.	Machine Name and Annexure	Supplier Name	Invoice detail					Payment detail				
			Invoice No.	Date	Basic Value in INR/Foreign Currency	Total Value (INR) /mention foreign currency *conversion	Total Value in BoE (INR) /mention foreign currency *conversion rate=INR	Mode	Instrument no.	Date	Payment from Loan (Rs.)	Payment from Margin (Rs.)

34/11/10

2													

It is certified that above facts and figures are true and based on necessary documents and records available in our Bank.

Place:

(Signature)

Date:

(*Name and designation of the authorized signatory

*Not below the rank of Head of branch communicating the sanction of Term loan)

Decision taken in Banker's meeting: With regard to **Payment Certificate**, it has been decided that the certificate should be submitted to OTXC by the concerned lending agency duly signed by the authorized signatory not below the rank of Head of branch communicating the sanction of Term loan/Head of TUFs cell during JIT.

Decision of TAMC: CITI, SIMA and other members appreciated the efforts being made by the OTXC in reducing compliance burden and promoting ease of doing business.

Committee deliberated and approved that Payment Certificate should be submitted to OTXC by the concerned lending agency duly signed by the authorized signatory not below the rank of Head of branch communicating the sanction of Term loan/Head of TUFs cell during JIT inspection.

Agenda No. 16: Editing option in Loan sanction date for converted cases of RRTUFS to ATUFS

13th TAMC deliberated and decided to allow editing option in Loan sanction date for converted cases of RRTUFS to ATUFS with a letter from lending agency at the level of Executive Director along with justifications for wrong entry of loan sanction date and thereafter necessary correction may be made at TxC level in the online system for considering issuance of UID.

In some cases it is being observed that this request letter for editing option in Loan sanction date, has been issued by some other senior level officer of the Bank, say, Head - MSME Banking who is General Manager level office. Bank has clarified that Head - MSME Banking is Vertical Head of entire MSME segment of the bank including TUFs cell. ED being part of Board of the Bank provides only guidance and policy decisions on broader issues.

Decision taken in Banker's meeting: The matter was discussed and decided that the request letter for editing option in Loan sanction date for converted cases of RRTUFS to ATUFS issued by General Manager level officer/ Head of TUFs Cell of the Bank may be acceptable instead of

16

Executive Director considering structural/operational constraints cited by the Banks.

Decision of TAMC: Committee deliberated and approved that the request letter for editing option in Loan sanction date for converted cases of RRTUFS to ATUFS issued by General Manager level officer/ Head of TUFS Cell of the Bank may be acceptable instead of Executive Director considering structural/operational constraints cited by the Banks.

Issues related to previous versions of TUFS:

Agenda No.17:- Account closed and machinery scrapped thereafter

Scrapped and sold out machines are not considered by JIT for subsidy calculation. As bank has to submit assets verification certificate while lodging subsidy claims to the Office of the Textile Commissioner, an undertaking may be obtained from the bank that machine was hypothecated and term loan has been fully repaid. Subsidy may be allowed till the date of scrapping of the machines as per certification issued by the bank.

Decision taken in Banker's meeting: It has been deliberated that bank will submit Assets Verification Certificate (AVC) for the existence of the assets till the date of closure of loan. Bank will also submit undertaking that machine was hypothecated and term loan has been fully paid. As the machine has been scrapped after closure of term loan, the subsidy may be allowed till the date of closure of loan as per the AVC and undertaking submitted by bank.

Decision of TAMC: Committee deliberated and recommended for taking up the matter to MoT/IMSC.

Agenda No. 18:- Absence of machinery due to fire in the unit

In some cases, Joint Inspection Team (JIT) in their report mentions that eligibility of the project cannot be ascertained in the absence of machines due to fire in the unit. Bank may provide corroborative document supporting for the existence of the machines before fire. The corroborative document may be insurance policy and insurance claimed thereafter along with other documents FIR lodged, Fire Brigade document etc. Subsidy may be allowed till the date of fire accident. The document may also to be matched with the last asset verification certificate uploaded/submitted by the bank for reimbursement of subsidy.

Decision taken in Banker's meeting: it has been deliberated that to ascertain the machine was in existence till the date of fire accident, corroborative documents substantiating the same are required. All assets hypothecated with bank are insured and a copy of the insurance policy is kept with the bank. Hence, bank may provide duly authenticated copy of insurance policy and insurance claimed t along-with other documents like FIR lodged, Fire Brigade document etc. Bank may also provide a copy of AVC last submitted before fire accident. Subsidy may be considered till the date of fire accident based on the copy of last AVC and corroborative document i.e., insurance policy and insurance claimed, FIR lodged, Fire Brigade document etc.

Decision of TAMC: Committee deliberated and recommended for taking up the matter to MoT/IMSC.

Agenda No.19: Original Invoice not available

JIT has not recommended the machine due to non-availability of original invoice. As a normal practice original invoices are with the bank after loan disbursement.

As per the protocol, JIT has to confirm that the machines are installed and satisfactorily working or otherwise and conduct the inspection of the machinery as per the Reporting Formats, Invoices and physical verification. Since, protocol do not have specific mention about original invoice, copies of invoices duly authenticated with name, signature, designation and seal by the bank may be accepted.

Decision taken in Banker's meeting: It has been deliberated and decided that bank will submit duly authenticated copies of invoices to JIT.

Decision of TAMC: Committee deliberated and decided that duly authenticated copies of invoices submitted by bank may be accepted for processing of claims under previous versions of TUFS.

Discussion/ decisions taken on issues raised under Supplementary Agenda to Banker's meeting relating to operational issues – with the permission of the Chair are place below for information of the Committee.

Agenda no.20: Co-operation of Bank with JIT Member while conducting JIT:

As per Para 2.1 of the Protocol dated 14.06.2019 issued by MoT, the Composition of Joint Inspection Team on physical inspection of the machinery procured under ongoing subsidy accounts pertaining to previous versions of RR-TUFS, it is mentioned that leave of absence shall not be granted to any members and all the members should be present during JIT. The JIT constituted with following composition:

- i. Technical officer having textiles background from other organizations of the Ministry of Textiles i.e. Textiles Committee, Central Silk Board etc. (He will be the Nodal Officer of the JIT).
- ii. Representative of concerned bank.
- iii. Representative of TRAs or Local Industry Association.

Banks may be advised to depute their representative in time as per JIT constituted schedule and cooperate to the Nodal Officer for conducting/completing JIT and preparation of report thereof. Instances of non cooperation from the banking member of JIT in terms of signing of JIT reports or agreeing technical issues or reverting quickly on queries have been noticed, which has severe impact of the speed of disposal of claims.

There is a need for sensitization of all members of the participating banks to be fully aware of the relevant checklist for processing of claims or handling a JIT reports as well as queries promptly.

Discussion: The matter was discussed with bankers at length. The Chairperson requested Bankers to cooperate with Nodal Officers of JIT for conducting JIT smoothly and preparation of

36/11/20

report, so that JIT will be completed quickly to enable handling of old cases under Protocol as envisaged.

Decision of TAMC: The discussion is accepted by Committee.

Agenda no. 21: Delay in submitting clarification called by ROs/HO on JIT Report as well as recovery of excess subsidy amount released:

For speedy disposal/ regularize of claims, the bank has to give reply quickly on the query sent to them. Further, in respect of recovery of excess subsidy released amount, the bank has to refund the amount quickly with penal interest and an interest calculation sheet to be attached.

Discussion: It was informed that after physical verification of JIT, it is found that in many cases JIT recommendation is less than the released amount and hence there is need to recovery of excess amount paid alongwith interest. To protect interest of Government, Chairperson requested the bankers to expedite the recovery process.

Decision of TAMC: The discussion is accepted by Committee.

Agenda No. 22: On time submission of Quarterly claim with documents:

It is observed that Lending Agency/ Banks are not claiming quarterly claims online in time even after persuasion over phone several times. Further, banks are forwarding original certificates very late in support of claim for which the bill preparation is getting delayed.

Discussion: It is requested to expedite submission of due records to enable timely processing of cases.

Decision of TAMC: The discussion is accepted by Committee.

Agenda No.23: Debit Advice Note

It is observed from JIT report that Debit Advice for payment made to foreign supplier in respect of imported machineries are not enclosed with the JIT report in many cases. In the absence of Debit Advice, it is not be possible to ascertain the actual amount transferred to the machine manufacture/supplier to calculate eligible cost of machines for subsidy.

Only in exceptional cases where debit advices are not traceable/ available with the banks/unit, then in such circumstances the banks are required to submit a statement showing the payments made to foreign Machine Manufacturers / Suppliers with certificate as per Format of Statement given below.

<BANK NAME>							
CERTIFICATE							
NAME OF UNIT:							
TUFS Ref No.:							
Sl	Name of	Inv	Bill of	BE value	Conversi	Basic	PAYMENTS DETAILS

No.	Machine	oice No.	Entry (BE) No.	in Foreign Currency (CIF Value)	on rate in BE No.	Cost of machine (In Rs.)	Amount in Foreign Currency	Conversion Rate during payment	Amount in INR
1									
2									

It is hereby certified that the debit advice of the above payments are not available with the bank. Therefore, the bank is confirming that the above payments (excluding bank commission & other charges) have been made to the concerned foreign Manufacturer/ Supplier of machines against LC as well as advance payment before LC.

Signature

Name of Signing Officer of bank
Designation
Code No.
Bank Name
Bank Seal

Signature
Name of signing person of Unit
Designation
Seal of Unit

Discussion: There are some cases where the copy of the debit advices are not provided by some of the banks to JIT in respect of imported machineries and due to absence of debit advice the eligible cost of machines for subsidy cannot be ascertained by JIT. Only in such exceptional cases of absence of debit advice, the banks are requested to provide the details of Payment made to machine manufacturer/suppliers in respect of imported machines in the prescribed format.

Decision of TAMC: The discussion is accepted by Committee.

Agenda No 24: Uploading of proper documents for JIT request.

It is also observed that banks are uploading R1 R2 formats in place of RR1 RR2 formats in online for RRTUFS cases. In spite of repeatedly returning the applications for remedial measures, the banks are re-submitting the applications with R1 R2 formats only.

Discussion: The Chairperson requested to the bankers to upload correct documents pertaining to particular scheme like M-TUFS, R-TUFS and RR-TUFS to avoid delay in shortlisting the case as fit for JIT by ROs.

Decision of TAMC: The discussion is accepted by Committee.

Agenda No. 25: Delay in providing calculation sheet and clarifications after JIT.

Field Officers from Textiles Committee find it very difficult to get the revised calculation sheets from bank. Banks are reluctant to provide revised calculation sheets after JIT as in most of the

cases, it results in recovery. Similarly reply from unit and bank on queries raised is not being addressed wherever there are recoveries.

Discussion: It is requested that the bankers may expedite due process.

Decision of TAMC: The discussion is accepted by Committee.

Agenda No. 26: Decisions of meeting held on 27.08.2021 under the Chairpersonship of The Textile Commissioner on issues relating to Acceptability /admissibility of Certificate of Origin (COO) is placed below- Submitted for information of the Committee.

To establish eligibility/ admissibility of claims under ATUFS, shipping documents such as Bill of Lading (BoL), Bill of Entry (BoE) and Certificate Of Origin (COO) are considered while processing the claims involving imported machinery.

As per item 13 in the FORMAT 4 GR dated 13.01.2016, Country of Origin duly certified by bank in case of imported machine(s) is required. While as per the para 10.3.2 of RR dated 2.08.2018 under ATUFS, the applicant will provide following information against each of the machinery at the time of application for JIT:

- i. Make and model of the machinery
- ii. Sl. No of the machinery
- iii. Basic cost of the machinery
- iv. Basic cost of Accessories
- iv. Basic cost of Accessories
- v. Custom duty paid on machinery
- vi. Date of purchase
- vii. Proof of purchase (upload Payment receipt/ final invoice)
- viii. **Country of origin (In case of imported machines)**
- ix. Exporting country
- x. Date of Bill of lading(Upload Bill of lading)
- xi. Date of Bill of entry (Upload Bill of entry)
- xii. Date of commissioning of machinery
- xiii. Investment made in the project
- xiv. number of persons employed in project
- xv. Bank statement showing the payment details

However, some of the atypical practices observed in the Certificate of Origin submitted by units referred to Internal Technical Committee (ITC) with their decisions are listed below:

- a) **Machinery supplier has issued self certified COO in place of Chamber of Commerce & Industry (as usual practice) or trade promotion council or authority of particular country. This atypical practice has been observed mostly in European country origin machines and in few instances in Chinese machines also.**

Decision of 20th ITC –As the matter is pertaining to shipping documents hence clarification may be obtained from DGFT or any such agency. Accordingly, the matter vide letter was referred to

24
DGFT. However DGFT referred the matter to Customs vide let....dated endorsing copy to Office of Textile Commissioner.

Commissioner of Customs vide letter dated 23.12.2020 has informed that "COO is only for the identity of goods as to the origin of goods and does not relate to any benefit allowed to the importer"

Decision: Machine manufacturer may be requested to clarify rule position/ policy of the exporting country and the competent authority which authorizes the manufacturer to issue such self certified COO. Case may not be considered if the manufacturer fails to submit aforementioned details.

Decision of TAMC: The Committee deliberated and approved that Machine manufacturer may be requested to clarify rule position/ policy of the exporting country and the competent authority which authorizes the manufacturer to issue such self certified COO. Case may not be considered if the manufacturer fails to submit aforementioned details.

b) Bill of lading, Bill of Entry issued in favor of machine manufacturer and Commercial invoice and machine name plate depicting the name of machine manufacturer. However COO has issued based on particular commercial invoice no. of machine manufacturer but name of shipping company mentioned as exporters and name of machine manufacturer mentioned as a Third party in COO.

Note: - Case is converted from RRTUFS to ATUFS and enlistment of machinery manufacturer or their authorized agents is not necessary as per the circular no. 7 under ATUFS. However, in the instant case, invoice no. and Name of machine supplier are mentioned in all shipping documents, Bill of lading, Bill of Entry etc

Decision of 20th ITC –after due deliberation the committee is of the opinion the case should be rejected.

Decision taken in 19th ITC: After due deliberation the ITC reconfirmed that Zhejiang Taitan Co. Ltd., China is a textile machinery manufacturer. However, as regards to country of origin issues the concerned section may decide at their level.

Clarification submitted by machine supplier - shipping company is not authorized agent however who hold the license to export the machines in other countries, which is standard practice in china as all manufacturing companies do not have the license to export the machines.

Decision: Such cases may not be considered eligible under ATUFS.

c)- Name of machine manufacturer are mentioned in COO as via. In all such incidences the invoice No. of machinery manufacturer is mentioned in COO/Bill of Lading and Bill of Entry.

Decision taken in 19th ITC: After due deliberation the ITC reconfirmed that Zhejiang Taitan Co.

22

Ltd., China is a textile machinery manufacturer. However, as regards to country of origin issues the concerned section may decide at their level.

Decision taken by 22nd TAMC: The Committed has agreed to the decision of ITC that Zhejiang Taitan Co. Ltd., China is a textile machinery manufacturer. However, as regards to country of origin issues, concerned section may decide at their level based on clarification provided by machine suppliers

Clarification submitted by Machine suppliers:- M/s Zhejiang Taitan Co. Ltd sometimes exported machineries through different exporting company like M/s Shenzhen Lisu Import and Export Company Ltd only for freight arrangement. Exporting company is neither their authorized agent nor any commission charge on the invoice value. The billing to the customer is also done by M/s Zhejiang Taitan Co. Ltd and there is no intermediate agent is involved.

Decision: In cases where the machine supplied directly by the machine manufacturer and its name is mentioned in Certificate of Origin as 'Exporter' may be accepted under ATUFS. However, in cases where machine manufacturer name is mentioned as 'via in COO may not be considered eligible under ATUFS.

d) Machinery imported through Agent of Agent (all are enlisted under ATUFS). However, the COO is having invoice number of Original manufacturer. This invoice number is issued by the Original Manufacturer to their authorized agent. The authorized agent has sold the machines to the beneficiary unit through his sub-agent. The COO bears the name of Authorized agent as exporter and consignee as the Sub agent. In that case, invoice number raised between sub agent and the beneficiary unit is not mentioned instead the COO is having invoice number of Original manufacturer.

Decision: Matter pertains to enlistment of specific manufacturer and their agents and sub-agents. Hence, to be aligned to the specific enlistment of the manufacturer viz. Toyota, Itochu and Global Impex through TMB section.

Discussion of TAMC on agenda 26 (b), (c) and (d): The committee accepted request of FIASWI that matter needs more deliberation and may be taken up in detail separately.

e) Certificate of Origin of the Peoples Republic of China where in word "FORGED" is seen in certificate.

Decision: COO wherein word "FORGED" is seen in certificate needs more examination hence clarification from the concerned Government agency in Peoples Republic of China through Indian Embassy or through the Chinese consulate in India may be sought.

Decision of TAMC: The decision is accepted by Committee.
